Completion 2021

GEE CORP was founded by Gedas Daugela & Jovita Bendaraviciute.

Gedas has 15+ years of experience in construction. From 2008 - 2015 he worked for GCL which is one of the largest ground works & RC frames subcontractors in the country. Gedas was a site supervisor for more than 8 years. Then he moved to Henry Construction from 2015-2021 where Gedas was appointed as Site Manager working on projects from 40-100 units. From 2021 Gedas has been running the operational side of GEE-CORP.

Jovita has started her construction journey back in 2004 when she started working as a project manager for Versata UK Ltd for more than 5 years. In 2010 she was appointed as a Contract manager from MG Corporation Ltd where she worked for more than 10 years. Currently, Jovita is progressing professionally and she has commenced to study a degree in Law in 2020 and is expecting to graduate by 2024.

Kleo Geshtenja joined GEE Corp in 2022. After 7+ years working in the construction industry in different roles he decided to join the GEE CORP journey. Kleo has completed a BSc on Quantity Surveying and Commercial Management from the Westminster University. In addition, he graduated from University College London for MSc Construction Economics and Management. His professional career started at A V V Solutions as a Quantity Surveyor where he worked for 3+ years. Afterwards, he was appointed as Cost Manager by Gleeds which is one of the biggest consultancies in UK. After almost 2 years with Gleeds, Kleo set up his own consultancy, supporting Main contractors and Developers with contract administration and quantity surveying services. During this time, Kleo has completed approximately 200 units in the South East for different clients. In 2022 he joined GEE CORP as a Director and is responsible for the commercial aspects of the business as well business development.
